## Vivid Description of North Country Is Given Kiwanis

Kiwanian Jas. M. Douglas, of Edmonton, stipendiary magistrate for the North West Territories, was the speaker at the luncheon of the Kiwanis club on Tuesday evening, and he gave a very interesting account of a trip he took to the far north last summer in the discharge of his duties. The trip was a great revelation to him as he found many very beautiful lakes in the north land, teeming with fish, while the rivers passed through many sections of country which were heavily timbered. Several of the steamers plying the northern streams and lakes are fuelled with wood rather than coal. Lake Athabasca is shallow and is very dangerous in storms. The Athabasca river from Port McMurray to Fort Fitzgerald is larger than the Saskatchewan at Edmonton and is full of heavily-timbered islands, making the scenery very picturesque. Fort Fitzgerald is the northern limit of Alberta on the waterways, and all traders are represented there. There is a portage of sixteen miles between Port Fitzgerald and Fort Smith, and an excellent road has been built over which freight is hauled in modern trucks. At the border between Alberta and the North-West Territories is a concrete monument erected in honor of a wood cutter, who was noted for his honesty. At Fort Smith the flies flourish and everything must be screened. East of Fort Smith is the best beaver country on the continent. At Fort Resolution the speaker saw wonderful vegetables, and the gardens were as good as around Edmonton.

Aklavik is the first Eskimo trading centre visited. The Eskimos are a well-to-do people, many owning boats valued at \$4,000, and they are not wards of the government. There is no depression in the north country as all trading is by barter. Gasoline is from \$1.50 to \$2.00 a gallon and all other things are proportionately high.

Mr. Douglas also referred to the tar sands area and the importance of this resource will be to the province when it is developed. Nearly all the forts have Roman Catholic churches and hospitals, and the latter institutions are well equipped and efficiently conducted. At Hay River there is an Anglican mission, where about fifty pupils are housed and fed. There is also an R. C. mission at Hay River.

Arrangements were made for the members to return the inter-club curling game at Edmonton on March 2nd.

## RESOLUTION TO REDUCE AUTO LICENSES INTRODUCED IN HOUSE

H. J. Montgomery, member for Wetaskiwin, has introduced the following resolution in the legislature: "Resolved, that in the opinion of this Assembly, automobile licenses be immediately reduced to the following schedule:

- 4 cylinder automobile, \$4.00.
- 6 cylinder automobile, \$6.00.
- 8 cylinder automobile, \$8.00.
- 12 cylinder automobile, \$12.00.

The resolution was seconded by A. P. Mitchell, member for Leduc, and the question will likely be up for debate in a few days. This is a very important matter at the present time, and we understand it is the intention of the mover and seconder to press for a vote of the members, so their opinion will be recorded.

## Will Re-open Pigeon Lake to Permit Spring Fishing

Wabaman and Pigeon lakes will be re-opened about March 15th for additional fishing operations. Winter allotments on both lakes have been reached, and fishing has been closed, but Hon. R. G. Reid, minister of lands and mines, announces an extension of the season, effective in about 35 days' time. A further quota of 30,000 pounds will be allowed for Wabaman and 50,000 pounds for Pigeon.

Both lakes are in good condition in respect to whitefish stock, and there is promise of a somewhat better market this spring. Mr. Reid points out in explanation of the order. The department for these

## Town Topics

Mr. Delin of Minneapolis, is visiting relatives in the city and district.

L. Ragonis, manager of Brody's Store, is spending a few days out of the city on business this week.

J. H. Waldman of the Valley Filling Station, was a business visitor in Calgary during the past week.

Mrs. Geo. Collins and family from Edmonton, moved down last week to make their home in Wetaskiwin.

Miss Madeline Austin, a student at the University of Alberta, spent the weekend at the home of Dr. and Mrs. T. B. Stevenson.

At the last meeting of the city council the rate of taxation for this year was set at 36 mills. This is two mills less than last year.

The C.P.R. trains No. 51 and 52, running between Winnipeg and Edmonton have been cancelled for Saturday nights. This is another economic measure on the part of the railway company.

Mr. and Mrs. Hugh Burns and family have moved to Lacombe, where they will reside. This change makes it more convenient for Mr. Burns, who is now running on the Lacombe to Leduc line.

Mr. and Mrs. H. R. French left for Victoria on Wednesday last, and word has been received that Mrs. French stood the trip very well. It is the hope of the many friends that this change will be beneficial to her health. Mr. French will return in a few days.

Another lecture on the Hush Army was given in the Elks' Hall on Monday evening last, sponsored by the Wetaskiwin Post, Canadian Legion, and the Elks. The lecture was given by Mr. A. M. Trindell, who gave the address which was very enlightening and interesting. The attendance was small, and it is felt by those in charge that there should have been a larger turnout of citizens as the lecture was worthy of better patronage.

JAIL POPULATION SHOWS DECREASE

Edmonton, Feb. 20.—Alberta's jail population showed a decrease of 584 in the fiscal year ended March 31, 1932, according to that section of the annual report of the public works department which deals with admissions to provincial institutions at Port Saskatchewan and Lethbridge.

In the period covered, there were 2,928 persons admitted to these jails, while the total for the year before was 3,512.

The report shows that in the 1931-32 fiscal year, 1,667 persons, of whom 129 were females were admitted to Port Saskatchewan and Lethbridge. In the year previous the total was 1,790. At Lethbridge jail 1,321 persons were admitted, while the total for the year before was 1,722.

Detroit, Feb. 20.—Michigan bankers are looking to the legislature on Monday for assistance on working their way out of the problems which last Tuesday resulted in the proclamation of an eight-day banking holiday.

## Weddings

HEROLD-THURER

A quiet wedding took place at the home of the First United Church on Wednesday of this week, when Miss Emma L. Thuerer and Mr. Ludwig J. Herold, both of Cherrill, were united in the bonds of holy matrimony. The ceremony was performed by Rev. A. R. Schrag.

DUX-FORTH

KROENING-ASHTON  
On Wednesday, Feb. 15th, Mr. Albert Dux and Richeida Lena FORTH were united in the bonds of holy matrimony in the Swedish Lutheran Church at 2 o'clock, by Rev. H. G. H. Klingbeil, after words of encouragement were spoken on John 2, 1 and 2.

After the ceremony, the happy couple had snapshots taken in front of the church, but completed their pictures at the Wallin Studios. The happy couple are making a home near the groom's brother, Hy. Dux, on their own farm.

The other couple were married on Feb. 20th, in the home of the Rev. H. G. H. Klingbeil, Pleasant Prairie. The couple consisted of Mr. Oswald Kroening and Miss Myrtle Louisa Ashton, the former being from Minkas, and the latter, the bride from New Norway, where the happy couple are making their temporary home with the bride's parents, but are moving on their own farm in spring. We join in wishing the merry couples a happy life.

ELMER ROPER SECRETARY OF ALBERTA C.G.F.

Calgary, Feb. 20.—Organization of the Alberta Council, Co-operative Commonwealth Federation, was effected Saturday night as a result of a joint meeting where the executives of the United Farmers of Alberta and the Alberta section, Canadian Labor Party.

Norman P. Priestly, Calgary, vice-president of the U. P. A., was elected chairman of the newly formed council, first to complete organization in the Dominion. Elmer Roper, Edmonton, president of the Alberta section, Canadian Labor Party, was elected secretary. Both groups were among the foundation members of the C.C.F. when it was organized here last August.

For the present, the Alberta council will be composed of the U. P. A. and the Labor section. Later, however, it will be composed of three groups. One group will represent farmers, another Labor, and a third a general membership drawn from other occupations or professions.

It was arranged that central councils might be organized in cities, federal or provincial constituencies where two or more groups exist.

Each central council will act as a body through which all C. C. F. activities in its locality may be coordinated, with each group being represented by one delegate for each 25 members or fraction thereof.

It was decided none of the groups forming the council would be permitted to use the name "Co-operative Commonwealth Federation" or any abbreviation of it. This action was taken to avoid any confusion in the central bodies. The ruling affects only two groups already formed, one in Calgary, which is known as C. C. F. unit number one, and another in British Columbia.

WETASKIWIN BRANCH A.T.A. ELECT OFFICERS FOR 1933

A meeting of the Wetaskiwin branch of the A.T.A. was held at the home of Mr. and Mrs. T. Fletcher, Thursday evening, Feb. 16th, fifteen members being present.

The first business of the evening was the election of officers. Mr. Fletcher was re-elected as president, Miss M. McKay was re-elected as secretary, and Miss J. McLean as press correspondent.

Nominations for the provincial election were made, and resolutions to be taken up at the Easter convention were discussed.

At the close of the business meeting lunch was served by the teachers of the King Edward school.

All the members of the Wetaskiwin branch are urged to attend the next meeting, which will take place at the home of Miss Helen Dickson.

## Seeks Aid for Municipalities

Edmonton, Feb. 17.—Action to relieve municipalities of their share of the cost of old age pensions is proposed in a motion to be moved in the legislature by J. M. Dechene (Liberal), St. Paul.

The resolution states the ten per cent proportion of the cost should no longer be assessed against the municipalities.

Under the arrangement now being followed, the Dominion assumes three-quarters of the cost, while the remainder is shared by the province and municipalities on the basis of 15 and 10 per cent, respectively.

If relieved of its present share of the cost, Edmonton would be saved \$14,438 a year at least and fully as much would be saved to Calgary.

It is believed Hon. George Hoadley, acting premier, has given notice of a government motion proposing that the committee on agriculture be called to inquire into various matters concerning agricultural relief, and to assist the industry.

The committee would inquire into proposals for reduction of wheat acreage, with which is linked the suggestion of calling a conference of wheat exporting countries, and would deal with proposals for the improvement of marketing conditions for wheat, livestock and dairy products, and the establishment of export marketing boards or means of otherwise improving the domestic price of farm products.

W. R. Howson, Liberal leader, has a motion which proposes that the Dominion government establish a federal bank under the Finance Act for the purpose of directing and controlling the issue of currency, and the extension of credit and particularly for the financing of provinces and municipalities.

M.D. BIGSTONE WILL JOIN COMMUNITY HOSPITAL UNIT

The necessary petition not having been presented, asking for a vote on the proposal to have the Municipal District of Bigstone become a unit in the Wetaskiwin Community Hospital, that district has automatically become a joint owner in the Wetaskiwin Community Hospital.

The council of the M.D. Bigstone held a special meeting on Saturday last, at which the proposal respecting the hospital was given its third and final reading. The contract will be prepared and completed without delay, so that the residents of Bigstone can take advantage of the new arrangement with the least possible delay.

FRANCIS WILLARD ANNIVERSARY

Under the guidance and chairmanship of Mrs. Wm. Mellett, the W. C. T. U. organized a fitting celebration of the anniversary of the wonderful W.C.T.U. leader, Francis Willard. As special speaker, Rev. Carlson of the Lutheran Church, Camrose, held forth in a review of the work and dry campaign in both United States and Canada. It was an informative address in a moderate spirit. A brief program of questions and response led by Mrs. Mellett brought out the sterling qualities of Francis Willard. Luncheon concluded the meeting which was well attended and held in the Y.P. room of the United Church.

REDUCED BUDGET WILL BE BROUGHT DOWN NEXT WEEK

Edmonton, Feb. 20.—The provincial government's budget probably will be brought down some next week, according to reports in parliamentary circles.

In all likelihood, the budget will provide for further economies. It is recalled that Premier Brownlee has indicated there might be reductions in pay of civil service employees, and while Hon. Fernan Baker has given hints of revision of or lowering of school grants. A reduction in the grant to the University of Alberta, is also expected, in view of financial conditions.

"Have you time to sew on this button?" asked a newlywed here of his wife. "No," she replied, "I'm following this cooking recipe and says not to stir for twenty minutes."

## Obituary

MRS. ARTHUR PETERSON

The funeral services for Mrs. Arthur Peterson were conducted last Friday afternoon in the New Sweden Mission Church, by Rev. P. E. Landerdahl, assisted by Rev. A. Oman. A large number of friends had gathered for the service, and the body was laid to rest in the New Sweden cemetery.

Mrs. Arthur Peterson was born Feb. 20, 1895, at Swedenburg, Neb., her maiden name being Ruth Pauline Pearson. At the age of four she moved with her parents to Idaho Falls, Idaho, where she lived for four years. From there the family moved to Wetaskiwin 29 years ago. This community has been her home since. On August 6th, 1921, she was united in the holy bonds of matrimony to Mr. Arthur Peterson. This union was blessed with three children, Arlene, Gordon and Mardell.

In her early days Mrs. Peterson found peace with God and her life was ever a beautiful testimony for the Christ she loved. For many years she was a member of the New Sweden Mission Church.

For several years Mrs. Peterson has been suffering from heart trouble. Some months ago complication set in and she gradually grew weaker until the time of her passing, Tuesday morning, Feb. 14th, at the age of 37 years, 11 months and 25 days.

She leaves to mourn, her husband and children; three sisters, Mrs. Ed Larson, Mrs. Elvie Pearson and Miss Florence Pearson; three brothers, Albert, Clarence and Walter Pearson, other relatives and a host of friends.

Floral contributions were received from the following: The Family; Mother, Ruth and Andrew; Hattie and Bertha; Messrs. and Mesdames Ed. Larson, Albert Pearson, Clarence Pearson and family, Walter Pearson and family, English and family, Philip Anderson, C. Krutegeld, E. Recknagle, Roy Ballhorn, Frank Ballhorn, R. H. Johnson and family, H. Nelson and family, P. Nelson and family, Haukedahl and family, J. E. Blanch and family, E. Anderson and family, C. G. Johnson and family, O. Elsson and family, W. H. G. and family, Hanna, Ed. Johnson, Mrs. C. Ballhorn, Nels Anderson, Florence and Elvie Pearson, Wetaskiwin Mission Friends, New Sweden Mission Friends, Mrs. Oliver and Eva, Mrs. N. Nelson and family, Mrs. C. H. Johnson and family, Charlie West, and Dr. H. G. Hoare.

WILLIAM P. RAGAN

Another of the early settlers of this community passed away in the Community Hospital on Thursday last in the person of William Patterson Ragan, at the age of 68 years. He gave a detailed account of the fight between John L. Sullivan and Jas. J. Corbett, when the latter won the championship of the world. The death of Mr. Corbett on Saturday reminded His Worship that he had this copy filed away, and he soon found it, and now takes considerable enjoyment in showing it to his friends.

Mayor Torsen brought into The Times office on Tuesday a very interesting issue of The Minneapolis Tribune, dated September 8th, 1892. It gave a detailed account of the fight between John L. Sullivan and Jas. J. Corbett, when the latter won the championship of the world. The death of Mr. Corbett on Saturday reminded His Worship that he had this copy filed away, and he soon found it, and now takes considerable enjoyment in showing it to his friends.

REGISTERED FUR TRAP LINES ARE ADVOCATED

Edmonton, Feb. 20.—Changes in the Game Act regulations to provide for establishment of registered trap lines is proposed in a motion to be moved in the legislature by P. R. Falconer (Liberal) Athabasca, seconded by L. A. Giroux (Liberal), Grouard.

The motion says that in the interests of preservation and propagation of fur-bearing animals and for the further protection of established resident trappers, the government should amend the Game Act so as to provide for registered trap lines. Any additional cost could be covered by a license fee, says the motion.

The old gentleman did not try to help his wife into her new car as he used to in the horse and buggy days.

"You're not so gallant as when I was a gal," she told him.

"No," he replied, "and you're not so buoyant as when I was a boy."

## Community Hospital Bd. Adopts Salary Schedule

### Town Topics

Miss Elsie Holby, who has been quite sick with the flu, is up and around again.

The many friends of Mrs. Lord are glad to learn that she is improving nicely after her serious illness.

The W.A. of Immanuel Church will meet at the home of Mrs. H. W. Wright on Tuesday, Feb. 28th, at 4 p.m.

Richard Hawkins was seized with a slight stroke a few days ago, but we understand he is around again as usual.

Miss Fern Smith, who underwent an operation for tonsillitis last week in the Community Hospital, is getting along nicely.

The monthly meeting of the W.A. of the First United Church will be held in the church parlors at 3:30 p.m. on Wednesday next.

Mrs. A. E. Hall represented the Wetaskiwin Lodge L.O.B.A. at the official visit of M.W. Grand Mistress Darracott of Winnipeg to the Red Deer lodge on Wednesday evening last.

Another Ku Klux Klan cross was burned east of the city on Saturday evening, but nobody appears to know why it was burned. Perhaps the public might be enlightened through the correspondence columns of The Times.

Miss L. H. Knight of Los Angeles, formerly of Wetaskiwin, is visiting at the home of Mr. and Mrs. Tony Johnson. Miss Knight is en route to California after an extended trip through the Panama Canal to the Eastern States, Canada and Europe.

Leonard, son of Mr. and Mrs. Mons Dyberg of the Malmo district, was brought to the Community Hospital on Friday last, with a fractured skull. It is not known how the accident happened, as he was found lying in the yard in an unconscious condition. The latest reports are that he is improving nicely.

Mayor Torsen brought into The Times office on Tuesday a very interesting issue of The Minneapolis Tribune, dated September 8th, 1892. It gave a detailed account of the fight between John L. Sullivan and Jas. J. Corbett, when the latter won the championship of the world. The death of Mr. Corbett on Saturday reminded His Worship that he had this copy filed away, and he soon found it, and now takes considerable enjoyment in showing it to his friends.

Enlightening Address on "Co-operation in Russia"

The lecture given by Mr. A. A. Syssoloff in the U.F.A. hall on Friday evening was very well attended and proved to be very interesting. This was the speaker's first platform appearance in Wetaskiwin, and his address on Co-operation in Russia was delivered in a masterful and scholarly manner. The address was given through an interpreter, Mr. A. Nizoff, of the University of Alberta, who proved a very capable assistant.

Mr. Syssoloff outlined briefly the pioneer efforts of the Consumers' Co-operative movement in Great Britain, under the Rochdale plan, and their struggle and trials to put into effect their belief in certain fundamental principles which the lecturer said are still the recognized principles of the great English and Scottish Co-operatives. He stated that the Russian movement copied the English plan, and its growth, while slow at first, developed into enormous proportions up to 1917, when the Soviet government seized the organization, and its functions as a co-operatively owned organization ceased.

At this date there were 25,000 cooperative stores spread over Russia and Siberia, and a membership of 9,000,000 persons. Also the Co-operative Credit Associations, which were another of their co-operatively owned organizations had 30,000 branches with 4,500,000 members. The lecturer said that 60% of the Russian population were members of these co-operatives. They also had 17,000 creameries with 6,500,000 members. All of which, the lecturer said, owed their existence to the Russian people's belief in the principles of consumers and producers co-operation.

He also related many interesting events in Russian history, and referred to the formation of the first parliamentary government in 1905, after which the co-operative movement made its greatest strides in growth. He also related the fall of the Emperor's rule in Feb. 1917.

Mr. Syssoloff said consumers' co-operation needs to be developed in Canada. Self-help by the people themselves would go a long way to solve their problems, and this was one method whereby they could do something which would develop the community, state and nation without any harmful effects, all of which would be good and beneficial.

He was warmly applauded at the end of his speech and several questions were asked and answered. He signified he was prepared to give his assistance and the benefit of his past experience towards the future developments of this kind.

The regular monthly meeting of the Community Hospital Board was held on Wednesday evening last, when it was found that the conditions were very satisfactory.

The secretary was instructed to write the Minister of Municipal Affairs in connection with the collection of accounts incurred by residents from local improvement districts, and the following resolution was approved: "That those residents of the City of Wetaskiwin and the M.D. Montgomery purchasing the hospital insurance contract, such as teachers or pastors, who may be transferred during the course of the year or change their place of employment, may, with the consent of the board, transfer the contract to their successors."

Accounts totalling \$1179.39 were passed for payment, and a scale of salaries, recommended by the executive committee, and as a result effective on February 1st, was adopted.

Accounts in arrears for the first six months of 1932 will be placed in the hands of a collector.

The chairman and secretary-treasurer were authorized to arrange a line of credit with the Bank of Montreal of \$5,000.00 to be used for current expenses if necessary.

ELECTIONS IN M.D. MONTGOMERY

Satisfactory financial reports were presented at the annual meeting of the municipal district of Montgomery on Saturday last, and as a result of nominations, elections will take place in two divisions. In No. 4 Arthur Sommers was placed in nomination to contest the division with Richard Ballhorn, who has been the reeve for several years, and in No. 3 Ernest Switzer will oppose the return of Councillor Chris. Shantz.

FOUR CANDIDATES IN DIV. 6 MUN. DISTRICT BIGSTONE

Very favorable reports were presented at the annual meeting of Bigstone rural municipality held in Lone Ridge hall on Saturday last, and which was well attended. A recently contested election is anticipated in division six with four candidates nominated, Fred B. Green, Councillor Gus Hellmers, Gustave Knall and Ben Oulmette. An election will also be held in division three as William Milton and Oscar Nelson accepted nominations.

Reports have come in from the district to the effect that many of the farmers lost potatoes stored in their cellars as a result of the intensely cold wind which blew on Tuesday of last week. Some also report the loss of canned fruit from freezing. It is thought by business places a shortage of potatoes may result in the district from Tuesday's losses.—Camrose Canadian.

CITY OF WETASKIWIN  
FINANCIAL STATEMENT  
for the Year Ending December 31, 1932

## Auditor's Report

To the Mayor and Council,  
City of Wetaskiwin, Alberta.

Gentlemen:

We have completed the audit of the books of the City for the year to  
31st December, 1932, and have prepared and append hereto the annual  
statement:

The Net Revenue for the year under report amounted to \$5,670.25. Made  
up of taxes charged to Revenue Account amounted to \$15,827.87. Can-  
cellation of taxes removed from roll, taxes remitted and can-  
cancellations of special frontage taxes on City property.

The Summary of the Tax Roll gives the following information:

Mun. and Schools levy	\$ 70,929.11	Amount Collected	\$ 75,684.49
Supp. Revenue Tax	1,347.54	Discounts	6,281.94
Sewer Levy	4,022.34	Cancellations	15,174.87
Concrete Walks	2,519.20	1932 Arrears	71,739.92
Business Tax	11,116.70		
	\$ 90,234.89		
1931 Arrears	73,484.61		
Arrears reinstated	86.52		
Penalties added	6,075.20		
	\$169,881.22		\$169,881.22

Debentures for Capital Expenditures under By-laws 46 and 47 have not  
been sold with the exception of \$257.25. The unpaid debentures of \$3,850.25  
represent the amount of revenue advances to Capital Account.

The securities of the Special Utilities Trust have been examined and  
found in order.

The books and records are in good order.

The Balance Sheet is drawn up so as to exhibit a true and correct view  
of the City's affairs according to the best of our information and the ex-  
planations given to us and as shown by the books of the City. We have ob-  
tained all the information and explanations we have required.

Respectfully submitted,  
HENDERSON & KINNAIRD, C.A., Auditors.

The Times Job Presses for the Finest Commercial Printing

## SUN LIFE INSURANCE CO. ANNUAL STATEMENT

In a year when business statements are, on the whole, far from cheering, the published experience of life insurance makes heartening reading.

While other investments have too often proved disappointing, every policy held in our life insurance companies is still worth one hundred cents on the dollar with substantial additions in accumulating dividends.

The steady flow of insurance funds into productive industry is one of the greatest mainstays of business today. But few realize the extent of this financial support in the case of individuals. Payments to policyholders and their dependents during the year, for instance, by the Sun Life of Canada, whose statement appears in another column, climbed to over \$108,000,000. A portion of this represents money that the assured could claim only on the value of their policies to meet the special exigencies of a distressing period.

These and other conditions during the past three or four years have subjected life insurance companies to a most exacting test. The war and the influenza epidemic, by abnormally increasing mortalities, produced a situation against which human foresight could scarcely provide. The financial catastrophe by which they were so closely followed created conditions that only the strongest institutions could withstand.

The report of the Sun Life refers to the fact that the total of its assurances in force—nearly three billion dollars—will be payable during the present generation. If to this huge sum be added the amount payable during the same period by other insurance companies the wholesome effect upon the economic and social situation in the coming years can scarcely be over-estimated.

## HOLIDAYS IN 1933

Holidays occur in 1933 as follows: Good Friday, April 14; Easter Monday, April 17, which is only a bank holiday; Victoria Day, Wednesday, May 24; King's Birthday, Saturday, June 3, which is not generally observed in Canada as yet; Saturday, July 1st, Dominion Day; Labor Day, Monday, September 4th; Remembrance Day, Saturday, Nov. 11; Christmas Day, Monday, December 25. Then there will be civic holiday and Thanksgiving Day to be declared later. It will be noted that most of the holidays occur on either Saturday or Monday this year, which gives long week-ends for gadding.

## Looking Backward

(From The Times, Feb. 20, 1932)  
A Sunday school was organized at Penron Park by Mr. Fryd, and an At Home was given in Mr. V. Thompson's new house. The committee in charge was Miss Elsie Dowler, Miss Maud Groves, Herbert Dowler and Walter Wood.

Wm. Toole, district land agent of the C.P.R., announced that the company considered it advisable to raise the price of some of their lands in Northern Alberta from \$3.00 to \$3.50 and \$4.00 an acre.

Tenders are being called for the erection of a new school house in the Lucas district.

Teddy O'Brien has accepted a position in the new general store of R. A. Lawrence.

Rev. D. K. Allan is attending the session of the Presbytery at Edmonton.

An entertainment was given in Herie's Hall by the Alabama Warblers.

Harry Teeple leaves for Ponoka in a few days, where he will tend bar at the Royal Hotel.

Corp. Fitzgerald went to Calgary for a prisoner who was charged with stealing cattle.

During the past week there has been a fall snow of sufficient depth to make fairly good sleighing.

Col. Young returned to town after a successful cattle-purchasing trip.

Market quotations: Wheat, 35c to 36c; oats, 25c; barley, 30c; butter, 15c; eggs, 15c; hay \$4 to \$6; beef, 3c; pork, 5c to 5 1/2c.

You would not be ashamed of your stationery if it had been printed at The Times office.

Doan's Backache Kidney Pills

## TOOK PILLS FOR 30 YEARS, THEN CEREAL BROUGHT RELIEF

Mr. Forsythe Endorses ALL-BRAN for Constipation

If you suffer from headaches, loss of appetite and energy or any other of the frequent effects of constipation, read this voluntary letter: "After taking pills and tablets for about thirty years for constipation, I started to take your ALL-BRAN three times a day according to directions. Today I can eat cheese, and that is binding, and certainly feel fine."—Mr. Ed. Forsythe. (Address furnished upon request.)

Science says ALL-BRAN provides "bulk" to exercise the intestines, and vitamin E to further aid regular habits. In addition, ALL-BRAN is rich in blood-building iron.

The "bulk" in ALL-BRAN is much like that of leafy vegetables. In fact, it forms a soft mass which gently clears the intestines of wastes.

Isn't this pleasant "cereal way" far more healthful than using patent medicines—so often habit-forming?

Just eat two tablespoons daily. In serious cases use with each meal. If not relieved this way, see your doctor.

Get the red-and-green package at your grocer's. Made by Kellogg in London, Ontario.

## THE FARMER'S PART

"How much do the shallow thinkers realize, for example, that approximately half of our whole population—fifty or sixty million people, earn their living by farming or in small towns whose existence immediately depends on farms? They have lost their purchasing power. Why? They are receiving for farm products less than the cost of growing these products. The result of this loss of purchasing power is that many other millions of people engaged in industry in the cities cannot sell industrial products to the farming half of the nation. This brings home to every city worker that his own employment is directly tied up with the farmer's dollar. I cannot escape the conclusion that one of the essential parts of a national program of restoration must be to restore purchasing power to the farming half of the country."—Franklin D. Roosevelt, President-elect of the United States, in a broadcast address when Governor of New York State.

(From The Times, Feb. 22, 1932)

The Eskimos of Edmonton defeated the Wetaskiwin hockey team in the provincial semi-finals by an aggregate score of 15-5.

The prize winners at a carnival were Miss Goultie as Highland Lassie; R. A. Elliott as Elizabethan Courier; Edith Fowler as Witch; Murray Clark as Buffalo Bill, and Wm. Barrett as Drum Major.

E. H. O'Brien is opening up a branch real estate office in Edmonton.

The resignations of H. Whitehead as fire chief, and D. R. Fraser as chief of police were accepted by the council.

R. C. Talbot is now in the real estate business in Edmonton.

At a meeting of the county Orange Lodge held in Leduc, it was decided to hold the 12th of July celebration in Wetaskiwin this year.

Wetaskiwin L.O.L. lodge has offered to furnish a ward in the new hospital.

Messrs. Geo. B. Henwood and Thompson of Edmonton, were in the city in connection with an option to purchase the farm of R. Hawkins.

Wetaskiwin is taking another advance step as a prominent railway center, as the company is erecting a 350-ton ice house.

The C.P.R. has laid a sidewalk from the station steps to the street line opposite the hotel at Bittern Lake.

Market quotations: Wheat, 44c to 77c; oats, 23c to 27c; barley, 27c to 40c; butter, 35c to 38c; eggs, 30c; potatoes, 35c; steers, 41c; hogs, 7 1/2c; chickens, 11c to 13c; turkeys, live, 18c to 20c.

Mr. James E. Dowdle, Bath, Ont., writes: "I had such a terrible backache I became nearly crippled, and had to quit harvesting. I could not lie still at night, and had terrible bladder pains."

The lady of the house told me to get a box of Doan's Backache Kidney Pills, which did, and was feeling better after the first few doses, and I have not been bothered since I finished the one box.

For sale at all drug and general stores, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## HOW TO TELL THE AGE OF A HORSE

At the age of two years the colt has a full mouth of milk teeth.

At the age of three he sheds four teeth, two on the upper and two on the lower and gets permanent ones.

At the age of four he sheds the four lateral teeth, two above and two below and gets permanent ones.

At the age of five he sheds his four corner teeth, two above and two below, and at this age he has a full mouth of permanent teeth and each tooth has a cup or ring with a black spot in the centre.

At the age of six the cups on the two centre lower teeth disappear and only the spots are left.

At the age of seven the cups on the lateral disappear and only spots are left.

At the age of eight the cups on the corner teeth disappear and black spots are left.

At the age of nine the cups on the centre upper disappear.

At the age of ten the cups on the two centre laterals upper disappear.

At the age of eleven the cups on the two corner upper disappear.

At the age of twelve the horse has what is termed as a smooth mouth.

## TEACHING NOT A CHARITY JOB

We hear a great deal about married women teaching, and whether they should be allowed to teach if they have a husband to support them.

Do we elect a man to the presidency because he needs a job? Is not the building of human character as important a task as can be entrusted to any human being?

I wish the thought could be forever removed from the public mind that "any one can teach school," and

Greatest Value at All Times

## "SALADA" TEA

"Fresh from the Gardens"

we should give the job to the one who is most needy.

About forty years ago I was teaching school and I made the discovery that teaching is a woman's job, and I could not compete with them in any way.

The Creator endowed woman with the ability to train and direct children; and my observation does not lead me to believe that children of her own, in any way decreases her ability; but I am inclined to the belief that a child or two of her own makes her view her profession from the standpoint of both parent and teacher.

It seems to me that it would be equally consistent to only elect bachelors to high office as to exclude gifted women from their work as teachers simply because they marry and establish homes of their own.

This article will raise a storm of protest from single women who are teaching and want all the jobs for single women, but I appeal to the common sense of the reading public to decide whether fitness to teach

should be based upon need of money or upon superior brains.—Sam Simple.

## ATTEMPT ON ROOSEVELT

President-elect Roosevelt narrowly escaped assassination at Miami, Fla., on Wednesday, when a gunman in a street crowd fired five revolver shots at the automobile in which he was seated. Mr. Roosevelt was not touched, but five other persons were hit, and one of them, Mayor Cermak of Chicago, was seriously wounded. It was thought Friday that the latter would recover. The would-be assassin, who was promptly arrested, confessed to a desire to kill all presidents.

The serious condition of soldier settlers in this province was indicated in a statement Monday by S. Robertson, provincial chairman of the Canadian Legion, who said that many of the men, unable to keep up their payments and expenses, are contemplating quitting and returning to the cities.

## Neighborhood NEWS

### MILLET

The Northern Rangers Orchestra, Edmonton, classy musicians of radio, played for an old time dance, under the auspices of Millet I.O.O.F., in Pinyon hall, Tuesday evening, Feb. 14th. A large crowd which attended were well pleased with the music supplied. During intervals between the dances, the Rangers delighted the assembly with many of their popular cowboy songs, of which, the well-known "Strawberry Roan" was perhaps best received.

A toboggan party was held Friday evening by the High School Literary Society, in Gray's field near the school. There was a good turnout of pupils and several grownups. After a nice lunch was served in the schoolhouse, supervised by Mr. Parker, principal. All report a good time.

### HILLSIDE

Misses Esther Howes and Mildred Smith, of Millet, spent the weekend at the home of the former's parents, Mr. and Mrs. T. H. Howes.

Misses Foster, of the Millet teaching staff, were visitors at the home of Mr. and Mrs. E. R. Hoskins over the weekend, and attended the play Friday evening put on by the Junior U.F.A. Local.

The Golf Club are busy practicing for their entertainment, which will be held in the West Liberty schoolhouse some time in March.

The March meeting of the U.F.W. A. will be held at the home of Mrs. L. W. Marr, on Thursday, the 2nd.

The three-act play put on in the school house on Friday evening under the auspices of the Junior U. F. A., was greeted by a packed house. Each member doing their part well. Charles Robinson, as Mrs. Higgins, caused a great deal of merriment, and Ivan Swartz as J. W. Brown and Ronald Howards as Bob Brown, deserve special mention. Great credit is due Mrs. W. C. Dorell for the interest shown and time given to the training of the Juniors.

The Sport Ground Committee are holding another series of "500" card parties.

### GWYNNE

H. A. Foster spent a week at John Maguire's, practicing to play well. Quite a crowd were skating on the river on Sunday. Owing to the snowstorm, the ice was quite heavy.

The next meeting of the Gwynne Sunshiner Club will be held at Fred Kalsen's on Feb. 24th.

### BITTERN LAKE

Mrs. R. Elgert was able to leave the Camrose hospital last Sunday, after her recent operation. She is feeling much better.

Miss T. Babluk of East Bittern Lake, is assisting with the house work during Mrs. Elgert's illness.

The program which took place in the hall last Friday was well worth attending, but surprisingly there were very few people there. What is the matter with Bittern Lake nowadays? Something is wrong. The weather was excellent and the music couldn't be better. Those who attended reported a very enjoyable evening. Wake up Bittern Lake, and show that you are interested next time.

Miss Vera Holmstrom has been on the sick list for the past week. We hope she will soon be well again.

Mr. John Hayfield was entertained on Feb. 18th, at the home of Mr. and Mrs. J. B. Hayfield, in honor of his 84th birthday anniversary. His many friends are pleased to see him looking so hale and hearty.

Mrs. Elgert Sr., was taken to St. Mary's hospital last Friday for medical attention. We hope she will be able to come home soon.

Harris Gouchee is working for E. W. Alm during winter.

Mr. and Mrs. H. Wickland have moved back to their farm across the river.

Mr. and Mrs. W. Hewko and P. Lapka motored to Edmonton Monday.

Wetaskiwin visitors last week were Robert Elgert, E. Bush and W. Altwater.

### FALUN

The Falun school teacher entertained the pupils with a Valentine party on Tuesday afternoon last. Games and contests, as well as a post box, were greatly enjoyed by the children. The mothers, as well as several of the neighbors, were present. A luncheon was served.

The Live-Wires held a very successful dance and basket social in

the Lone Ridge hall on Tuesday last. Quite a large crowd was in attendance, and Messrs. Steedman and Sjogren played a very pretty orchestra. All report a most enjoyable time.

The Lone Ridge U.F.A. held their regular monthly meeting on Wednesday evening last at the home of Mr. and Mrs. T. Steedman. One of the largest crowds of visitors and members were present. Mr. Wallis gave a report of the U.F.A. condition held at Calgary, and Miss Timofeeff had several interesting items for entertainment. A very delicious luncheon was served at midnight by the ladies.

The Sportsmen and Live Wires combined and held a very enjoyable skating party and moccasin dance on the Falun rink on Thursday evening last. Our local orchestra proved in their snappiest mood and the large crowd enjoyed every moment. Weiners were roasted around the large bonfire. The rink was well lighted by gasoline lanterns, and all are looking forward to another on Wednesday evening next.

Several of the Falun young folks were at the dance held in the Finn Hall on Friday evening last.

Miss Marjorie Steedman attended the dance held at Hillside on Friday last.

Rev. Father MacDonald held service in the Falun school on Saturday morning. He will hold services again on March 4th.

Mrs. E. Mattson was very pleasantly surprised last Saturday evening, when a number of friends and neighbors called to help celebrate her birthday. Luncheon was served by the ladies.

A large crowd assembled in the Falun school on Saturday evening last, for the purpose of making arrangements for the erection of a community hall in the near future. A committee of seven was elected to make arrangements more definitely and hold another meeting in the near future.

BORN—To Mr. and Mrs. K. O. Spolin, on Saturday, Feb. 18th, a son. The friends of Art Martell are welcoming him back to the community. He has been in Lyndale for about four months.

A. Hagen spent a few days visiting with his family last week. The many friends of John Holmlund are very pleased to know that he is much improved in health. He has been in Edmonton for several weeks taking treatments.

On Tuesday the Falun boys played a return game of hockey with the Westeros team on the Westeros rink. The Falun boys won the game with a score of 3-0. A large crowd of fans for both teams was present.

The next hockey game between Falun and Usona will be played on the Wetaskiwin rink on Tuesday, Feb. 28th, at 8 o'clock.

The Falun hockey team had a game on Falun rink on Sunday last with the Westeros team. There were players missing off both sides, but a fast game was witnessed by a large crowd. The score was 6-0 in favor of Falun. They are playing a return game on the Westeros rink on Sunday.

Miss Astrid Ecklund was very pleasantly surprised when a number of her friends and neighbors called on Saturday evening last to celebrate her birthday. Games and dancing in the line of entertainment and all left with best wishes to Astrid.

A correction is necessary in the score of the Falun vs. Usona hockey game on Sunday of last week. This should have read 6-2 instead of the score previously stated, and in favor of Usona.

The Falun W.I. held a "500" card party at the home of Mrs. E. Rattray on Saturday last. Due to the cold weather, there were only three tables in play, with prizes going to Mrs. Rattray and Mr. Anderson, and consolation prizes to Mrs. Stone and Mr. Miller. Lunch was served by the ladies.

### HAY LAKE

As a result of the nominations on Saturday last, an election is to be held in this division, with S. Johnson and R. Pover as the candidates. The voting takes place in the Hay Lake school on Saturday of this week.

### PENRON PARK

The dance in Lucas school house on Friday was a success both financially and otherwise, as all who attended were heard to remark that they had an enjoyable time. But the committee hopes to improve with the next effort. Bill Fraser's orchestra is certainly good.

Isabel Anderson and Frank Morrison were home over the weekend from the university grind. Dick Ruser is back from his home-stay for a few days.

When you need printing in a hurry, When it simply must come through, When the job is mighty particular—Let The Times do it for you!

### FISHER HOME

BORN—On Feb. 2nd, to Mr. and Mrs. Eric D. Quick of Fisher Home, a son.

On Friday night, Feb. 10th, a dance was held in Fisherton school in aid of the Junior Red Cross. Mr. Wells, teacher of the school, and his pupils, conducted it. A fair crowd attended and around \$5.00 was realized.

One day last week, Mr. Meaver had a stroke. The doctor was called, and apparently he has improved. His friends hope he will not get another.

Mr. and Mrs. Alfred Dahl's baby boy ate some lye. The poison did not reach his stomach, but his mouth and throat were badly burned. He was rushed to Thorshy and then to Edmonton, where he is getting treatment.

Miss Earl Applegard was a caller at the home of Mr. and Mrs. Eric Quick last week.

Louis Stevenson called on several neighbors this week.

Dan McDonald and Shorty Morton called on Mr. and Mrs. Dennis on Thursday.

### WENHAM VALLEY

#### LOSES RESIDENT

Mr. Lewis Milton Covey, a well-known resident of Wenham Valley, passed away on Feb. 13th, after about three weeks of illness, at the age of 51 years and 3 1/2 months. Born at Memphis, Mo., U.S.A., Oct. 29th, 1881. He went west and studied medicine at Portland, Ore., while he did not graduate, he was licensed, and practiced for a term of years. This explains why he was always known as "Old Doc."

On Feb. 16th, he was laid to rest by the neighbors, who almost all attended, at Knob Hill cemetery. Mr. A. B. Richards of the United Church, Breton, conducted the service from the home of Harold Cambridge, where Mr. Covey had been nursed and cared for in his recent illness.

"Old Doc" was a gentleman of the rare old type, a Christian and student, who considered every good man and woman his brother and sister. It was a pleasure to know him.

Mr. Covey is survived by two sons and three daughters, residing in Washington and Oregon.

### LONE RIDGE LOCAL U.F.A.

The regular monthly meeting of the above local was held on Wednesday, the 15th, at the home of Mr. and Mrs. T. S. Steedman, Falun. Favored by a welcome break in the cold weather, the largest gathering, upwards of 60 persons, were present. The president, Mr. W. Stevens, conducted the meeting.

In the course of the regular business, the forthcoming debate with Hillside was discussed, as was also the proposed Hospital below. The Rev. C. J. Hanson, who was present, was asked for information and he outlined the proposal and gave figures relative to the proposed scheme. The delegate to the annual convention at Calgary, B. S. Wallis, then gave his report, which being of necessity somewhat lengthy, was taken in two parts. An interval being afforded, during which pupils of Miss Nadin Timofeeff, teacher at Falun school, entertained the gathering with an exhibition of dancing and club swinging. These numbers were performed splendidly and gave great pleasure to the company, and Miss Timofeeff was congratulated on the ability displayed.

At the conclusion of the delegate's report, which was listened to with great interest, the President asked those present to show their appreciation of the reduced membership fee by joining up with the local, and an encouraging number did so.

The local received with much pleasure the report that our member, Geo. Rimmer, who is in the University Hospital, was making splendid progress.

The place of next meeting was discussed. Invitations were given by O. A. Brown, T. Soderstrom, and A. G. Stevens. Taking into consideration the possibility of bad roads, the invitation of Mr. Stevens as being most central and accessible was accepted, and the next meeting will be held there on March 14th.

The ladies served lunch, which was much enjoyed, and a vote of thanks to Mr. and Mrs. Steedman for their hospitality was given a hearty response.

### DEBATE AT LONE RIDGE

An interesting debate will be held in the Lone Ridge hall on Wednesday, March 1st, at 8 p.m. Between teams representing the Hillside U.F.A. local and Lone Ridge local. The subject is: "Resolved that Socialism offers the best solution of our present difficulties." This debate should be of great interest to anyone who is at all concerned about present world conditions, and everyone is urged to be present and hear the arguments advanced by both sides in this question. Lone Ridge will be represented by Messrs. W. Stevens, T. S. Steedman and B. S. Wallis, and will uphold the negative side of the debate. An impromptu entertainment will also be on the program, followed by lunch. A small charge to defray expenses will be made. Everyone is heartily invited to be present. VIII members of the U.F.A. please bring lunch.

chemists who fully understand the danger will be allowed in that laboratory.

It takes a long time to produce radium from pitchblende, even though the ore is the highest grade radium ore in the world. Scientists work for many days to bring forth, in a thimble-like container, the valuable salt which is used for cancer treatment.

Away up on Great Bear Lake, just outside the Arctic circle, miners are steadily digging the ore. It is often 40-fathoms up there and the days are short. When the ore is produced it is shipped to Port Hope in laborious manner, for transportation is not easy under the northern lights.

But even after its arrival in Port Hope, it is a long time before the tiny surgical needles are filled. "Using the fastest known process, a process invented by Canadian government scientists at Ottawa, the concentration process requires three days. Other processes require a month or longer just for concentration. But concentration of a mere trifle compared with the laboratory treatment which follows.

"For forty-two days workers in the laboratory move the precipitate containing the radium from container to container. Some losses are inevitable. At Ottawa, the scientists recovered 95 per cent of the radium from the Great Bear ore. But they were working on a laboratory scale. Working on a commercial basis, as is done at Port Hope, they will be fortunate to obtain 80 per cent. And this although they work as slowly and as carefully as possible.

"The processing continues, the danger becomes greater and greater and the workers are compelled to take a more rigid precaution. The solution containing the radium is kept in a sealed glass container. Before starting work in the morning, an electric fan must be operated for half an hour to clear the air.

"The slightest mistake during the concentrating process cannot be corrected until the entire refining is complete. For radium is something you cannot see. You may run an entire 'batch' of ore and chemicals, only to find something is wrong. And you cannot correct it there except by repeating the entire

process. You can't hurry in this game.

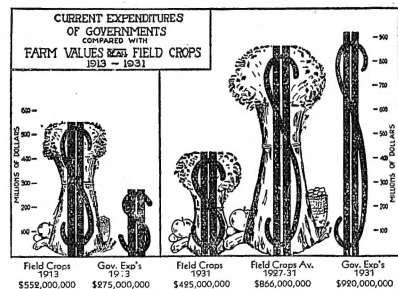

"People hear of a pitchblende find, and right away they start thinking in millions of dollars. They do not stop to consider the extraction is a lengthy and expensive process.

"Even after your test has proved successful," he continued, "the radium must be shipped to the bureau of standards. There it is tested, weighed and checked. This alone takes forty days more. And so, it may be nearly a year before we finally have the plant operating at maximum capacity and with minimum loss."

Small girl (entertaining her brother's fiancée), is "Disaster" your Christian name or surname? Fiancée: What on earth do you mean?

Small girl: Cos I heard daddy telling mummy that that was what Reggie was courtin'!

## How Canada Gets and Spends

A study showing the comparison between the cost of Government in Canada and the farm value of all field crops has been prepared by W. Sanford Evans and released for the National Committee on economy in public finance by the Canadian Chamber of Commerce. The study, as illustrated by the chart, indicates that in 1913 the total sum expended by governments for ordinary purposes was equal to 50 per cent of the farm value of all field crops in Canada. In 1931, governments expended a sum equal to 216 per cent of the value of all field crops.

As prices were exceptionally low and yield not high in 1931, another comparison is added. The average value of all field crops for the 5 years, 1927-1931, including three years of good prices, was \$866,000,000, while the ordinary expenditures of governments in 1931 were \$920,000,000. Whereas in 1913 a sum equal to one-half the value of the field crops sufficed to meet ordinary government expenditures, a stage has now been reached where the average value of all field crops falls short by many millions of dollars of meeting the ordinary requirements of governments.

### OATS USED FOR FUEL

An enterprising farmer living near Wetaskiwin is now burning oats instead of coal for fuel. He has checked the matter up very carefully and contends that it is cheaper to burn the oats and in addition he is saved the trouble and expense of hauling the coal from town. All the experiments were successful, and he claims that the oats make a very good substitute for coal. This may be a partial solution to the grain marketing and fuel problem in this community.

### JIG SAW PUZZLE

For sale or rent. Prices on application. Information given by Arnold Ellis or Wm. VanAlstine, phone 183, Wetaskiwin. 49-23u.

The Times' subscription list is open at all times for inspection by its advertisers. Remember this when you wish to advertise.

## A Classified Want Ad in The Times Will Sell It For You

DON'T THINK that buyers are as hard to find as the proverbial "needle in the haystack."

NOT—if you ADVERTISE! People, these days are "bargain hunters." And more than 3000 in this community make it a practice to watch the Classified Want Ad. columns of this paper for the "buying opportunities" listed therein.

**THESE WANT ADS BRING RESULTS**

**WANT ADS**

**ROOMS FOR RENT**

BOARD AND ROOM—For aged people, at \$4.50 per week. Write, English or Scandinavian, to Box "S. A." Wetaskiwin Times, Wetaskiwin.

ROOMS TO RENT—Suitable for light housekeeping, at very reasonable prices. Beds furnished at 25¢ a night; meals also served. Apply to Mrs. S. J. Anderson, one block east of Wetaskiwin Hotel.

**FOR SALE**

HOUSE FOR SALE—Small, new, two room house for sale. Apply F. Magnusson, Blacksmith, Lorne street East.

FOR SALE—Government Branded Bronze Turkeys. B Toms, 25 lbs. up, \$7.00; B hens, 15 lbs. up, \$6.00. Mrs. M. Grant, RR2 Wetaskiwin. 47-3t

**Praises Home Treatment For Bladder Weakness, Backache, Irritation**

No matter what your age may be, how long you have been troubled or how many medicines you have tried without success—if you are a victim of functional Bladder Weakness and Irritation, causing days of trouble, some annoyance and nights of Broke on Rest, you are invited to try the amazing value of Dr. Southworth's "Urinate" without risk of cost unless pleased with results.

Made from a special formula used by the Doctor for over 40 years, "Urinate" is designed to swiftly relieve the pain and misery of Burning Urinary Irritation, Backaches, frequent daily annoyance and trouble-some nights. Any good druggist will supply you on a guarantee of money back on first box purchased if you are not wonderfully satisfied with swift and positive relief obtained.

## MULHURST

Mrs. Fred Dowler and family have returned home after an extended stay in Calgary. Mr. Dowler returned to Calgary on business.

Miss Ruth Mulligan is visiting friends in Edmonton.

We thought Spring was here. The pussy willows are out and a new species of bug has been careening over the snow drifts, snorting fire and brimstone, but we are informed that it is just the contrary. The bug saw his shadow on February 2nd, and crawled back into his hole to hibernate for another six weeks.

Mr. H. Johnson, entertained at his home last week. Cards, and dancing were enjoyed, and Miss Ruth Mulligan and Miss B. Dowler served refreshments.

A revival of a one time popular social custom is being staged Friday, the 17th, when the Silver Bay Bridge Club are holding a Valentine basket social. Considerable fun and excitement is anticipated when the auctioneer calls "going, going, gone!" Good music has been secured and a good time is assured.

The sympathy of the Community goes out to Mr. Meaver who suffered a paralytic stroke the beginning of the week. Last reports are that he is much improved and we trust his progress continues so and that he will regain the use of his limbs. Quite a number are taking advantage of the mild weather in replenishing their supply of wood. Many of them are freighting their tamarack and pine from across the lake.

You would not be ashamed of your stationery if it had been printed at The Times office.

## WANTED!

Women representatives for hygienic product. Good proposition. State age. Descriptive circular will be sent to any lady on request interested in an ideal preparation for personal hygiene.

San-I-Text Products  
12 Adams Block  
EDMONTON, ALTA.

## PONOKA WINS HOCKEY GAME FROM WETASKIWIN

A hockey encounter took place on Saturday evening last when the Ponoka senior team which represented that town in the Big Six league this season, came up for an exhibition game with the local team. It was a hard-fought game throughout and during the last two periods had a tendency to roughness. The local boys had the advantage during the first period, scoring three goals and shutting out the visitors, but in the other stanzas Ponoka found the net on six occasions, while the best Wetaskiwin could do was add one more to their tally. The final score was 6-4. Forbes Atkinson refereed and many of the players spent time in the penalty box.

## DEAD COW SUBJECT COUNTLESS LETTERS

Ottawa—Mrs. Murphy's cow occupies a niche in history as the direct cause of the Chicago fire. Another cow, its ownership lost in musty records, is the cause of the largest personal file of correspondence on parliament hill. Its death led to thousands of letters.

Many years ago in Manitoba a cow was killed by August Swanson, a Swedish immigrant. Lawsuits followed and when Swanson's farm was ordered seized he wrote his first letter to Ottawa. A few days later Ottawa replied. Swanson wrote again, Ottawa answered. Swanson replied—in fact he wrote every day for weeks.

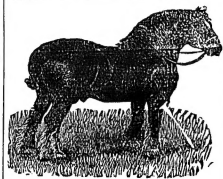

Fifteen years later the Swanson file of letters weighed several hundred pounds. And 25 years after the cow was killed the file would fill a truck. The man's suicide put an end to the correspondence but to this day Ottawa has retained every one of his letters. Why, no one seems to know.

A large warehouse in downtown Ottawa is the ultimate repository for every letter written to a government department and the reply. Old and crumpled cabinets contain millions of replies—Ottawa does "not" destroy letters or records without due thought.

In the dusty old warehouse are thousands of letters, grade-creating confederations. It's a paradise for stamp and autograph hunters. One of the prize exhibits in the old warehouse is a letter signed, "A Soldier's Darling," received late in the war by a cabinet minister. The government was considering a demand that all survivors of the first contingent be returned to Canada. The soldier's darling wrote, "Why should my lover have to remain four years in the trenches when you fat old guys sit full of beer at Ottawa and do nothing? Now put on your thinking caps, for one of these days I will be down there and give you birds the once-over."

## WHAT A WORLD

Some economists say that the world's greatest weakness lies in over-production due to the invention of machinery. All right! The inventors will just have to balance things up by inventing machines which will consume goods instead of producing them. To be sure, the human being is just a machine but our economic system by some curious quirk of fate seems unable to give him the surplus goods. What a world!—Toronto Star.

## HORSES FOR SALE

### Farmers, Attention!

Registered Percheron Stallions and Mares, ages of stallions, yearlings, two year and aged. Very reasonably priced. Also several high grade Percheron work horses, well matched teams; ages from three years to ten years; weights from 1600 lbs. to 1970 lbs. All good and sound, ready to work, in good condition. Will trade for good young breeding ewes, bred, and a few choice milk cows, or some good choice Manxley seed wheat. For full particulars apply to T. O. Folland, R4, Wetaskiwin, Alta. 48-3t

## WEEKLY STOCK MARKET REPORT

The following is a report of the Edmonton Stock Yards, as supplied to The Times for the week ending Feb. 21st:

Receipts: Cattle, 741; Calves, 79; Hogs, 3116; Sheep 617.

This week so far buyers have not been showing the same keenness as the previous week. In consequence trading is on the slow order and salesmen are not clearing their offerings any too readily. Prices are showing a weaker undertone, especially on heavy cattle. The following are the prices:

The general run of good to choice lightweights on the fed calf order \$3.25 to \$3.75; mediums \$2.50 to \$3.00; good to choice butcher steers \$3.00 to \$3.50; mediums \$2.25 to \$2.75; and common to fair \$1.50 to \$2.00; good to choice butcher heifers \$2.75 to \$3.25; mediums \$2.25 to \$2.50; and common to fair \$1.50 to \$2.00; good butcher cows \$1.75 to \$2.00; common to medium \$1.00 to \$1.50; canners and cutters 50¢ to \$1.00; and bulls \$1.00 to \$1.25.

A few stockers are being moved at about steady and unchanged values, with the better grades going at \$2.25 to \$2.50; plain to medium \$1.50 to \$2.00; stocker cows 75¢ to \$1.50. Calf market fairly active, and fully steady, with good choice light kinds \$4.50 to \$5.00; mediums \$3.50 to \$4.00; and common to fair from \$2.00 to \$3.00.

Today, Tuesday, the long-haul Peace River hogs sold at \$2.70 for the carload bacons fed and watered, with a few trucked in at \$2.55 for the bacons. Selects bringing a premium of 50¢ per cwt. and butchers discounted 50¢ per cwt. Following are the cuts on the off-grade hogs: Heavies discounted 65¢ per cwt.; extra heavies 75¢ per cwt.; No. 1 sows 65¢ per cwt.; No. 2 sows \$1.00; roughs \$1.50 and stags \$1.60.

There is no material change noticeable on the sheep market. Choice white lambs quoted up to \$4.25; bulk of good butcher lambs \$3.50 to \$4.00; plain to medium \$2.00 to \$3.25, yearlings \$2.00 to \$3.00; and ewes \$1.00 to \$2.00.

## THE NEIGHBORS NEXT DOOR

Bill had no sooner arrived at his Aunt Lucy's house than he began thinking about the Golden Rule. "Love thy neighbor—" he mused as he looked over at the vision in the adjoining yard. Coppery curls flying eyes and cheeks bright, she was waving with a cinnamon Chow pup.

"Yum Yum," she called him in a voice thrilling sweet. "Oh, for a dog's life," breathed Bill enviously as the girl patted Yum Yum between his silken ears. And the dog obviously adored his pretty owner. "I shouldn't wonder!" grumbled the watchful young man, and he pressed violently against the high wire fence that separated Aunt Lucy's cottage from her neighbor's. He began debating how he could meet this lovely stranger. Should he say simply: "Good morning—ah—er—is that a dog?"

And then a kindly fate sent Yum Yum's rubber ball sailing over the fence into Bill's eager hand.

"I have your ball," he beamed conversationally, "and I'm Mrs. Meredith's nephew, Bill."

But the girl deliberately turned her trim back, and there was nothing courtly about the swift movement.

"Gee, why?" pleaded Bill through the wire mesh.

"Shush!" whispered Aunt Lucy's neighbor. "I'm Crystal Collins," she confided, turning around, "but don't you know, we mustn't speak to each other? Our families are enemies and that's a spite fence."

"You see, your Aunt Lucy and my grandmother were once cronies they used the same clothesline for their weekly washings—strung it across from our back porch to your pantry window. Look, you can see the big hooks."

"Now don't tell me that your grandmother stole all the sheets off the Meredith clothesline," Bill grinned.

"Worse—it was your Aunt Lucy! She cut down the line from her end when it was full of grandmother's freshly washed clothes!"

"But it's incredible!" Bill gulped. "Aunt Lucy wouldn't do a thing like that." He envisioned his sweet-faced old relative as he had just left her in there by the fireplace—her hair powdery white, her eyes pale and tranquil behind their spectacles.

"William!" Aunt Lucy now called sharply to Bill in a tone he had never heard her use before. Wonderingly he hurried into the house.

"That girl out there," she complained "owns the pup that chewed loose the clothesline. I had a meat loaf cooling on the pantry window sill and Yum Yum wriggled out for

two suitcases and a small overnight bag. After he'd made his meal he used the hemp rope as dental floss. And then Mary Collins falsely accused me—wouldn't hear a word of explanation!"

"Then it's just a mistake," glowed Bill. "I'll hurry over and tell 'em and we'll all—er—kiss and make up."

"Too late!" Aunt Lucy pointed out. "There they go in the car—away on a trip or something."

Bill's hopes ripped like an express elevator, for a small car was pulling away from the next house. Roped on the running board were

When he had finished his explanation, Grandmother Collins began to sniff. "I've missed Lucy so," she confessed. "Will you take over an old fool's apologies, young man?"

But her chosen ambassador was whispering something to Crystal about a Carnegie medal for Yum Yum.

"I—I was waiting for a street car," explained Bill weakly. Then he turned to Crystal: "I don't blame you for being mad," he apologized.

"Mad? I should say I am mad—at Yum Yum," Crystal cried. "He chewed the ropes that held the luggage on the running board and we lost the little case—the one with our house keys in it. Would you believe one small pup could do all that mischief?"

"Sure—because he practiced first on the clothesline," Bill informed triumphantly.

## LIBRARY NOTES

Much interest has been shown in the lectures given by Mrs. Patricia Kendall in Edmonton last week on the India. She has delved into the past and given valuable historical facts, as well as describing present day conditions. Her popular book "Come with me to India" will be found in the Wetaskiwin Library.

It is surprising when looking over the list of best selling fiction for 1932 to find that many of them are in the library. Heading the list of best sellers both in 1931 and 1932 is Pearl S. Buck's "The Good Earth," in second place is "The Fountain," by Charles Morgan, Warwick Deeping with his "Old Wine and New," "Magificent Obsession" by Lloyd Douglas, and "Magnolia Street" by Louis Golding are all included in the first ten. If you have not read any of these ask the library attendant when

these will be in as each of these books are in great demand.

By depositing 10¢ with the librarian you can have any book specially kept for you. This arrangement gives you an advantage and helps the library, for with the small grant from the City the library is very much in need of funds.

To try and secure enough funds to enable the library to remain open, Ald. R. J. Grant of the Audien Theatre, has kindly offered to put on a special picture at an early date on behalf of the library.

Please look out for this feature and boost it all you can, for by doing so you will assist the library, which we are sure would be missed by so many if it had to be closed for want of funds.

Hurricanes swept the coasts of Newfoundland over the week-end and caused a great amount of damage in flood-stricken villages.

## Alberta News Letter

(Issued by the Publicity Commissioner, Government Buildings, Edmonton, Feb. 17, 1933.)

### Oil and Gas Production

Alberta's production of petroleum for 1932 totalled 917,632 barrels, valued at \$2,654,533.50, according to a statement just issued by Hon. R. G. Reid, Minister of lands and mines. The figure shows a decline in production from 1931, for which the total was 1,455,195 barrels valued at \$4,232,295. The total production of natural gas in the province was 15,568,583 thousand cubic feet, valued at \$660,343.32 on the basis of a price of four cents per thousand feet at the well-head. The production during 1931 was 18,327,139 thousand cubic feet. Of the total oil production 354,116 barrels were naphtha, 21,694 were light crude from Turner Valley, 34,877 barrels were light crude from the Red Coulee field, and 6,535 barrels were heavy crude from the Wainwright field. There is a total of 113 wells now operating in the province.

### Total Entries for Regina

Entries for the world grain congress at Regina from this province now total 313, according to the provincial field crops branch statement made following the final closing date. This is a much better showing than was anticipated.

### Larger Towns in Good Shape

Financial statements of twelve of the largest towns in Alberta, including the city of Red Deer, show a very satisfactory condition. Of the twelve, the statistics show that nine of them have money in the bank and only three have any bank liability. The credit balance of cash among the entire twelve will be in the neighborhood of \$25,000 when 1932 payments to hospital and school districts are met. Another town in the province, not included in the twelve, has a balance of more than \$16,000 in the bank.

### Total Accidents Reduced

A decrease of more than 1,000 in the total number of accidents in the province reported to the workmen's compensation board, is shown in the report of the board for 1932 laid before the provincial legislature. The number reported for the year was 8,974. Payrolls of the province reported to the board totalled only \$49,000,000 in 1932, compared with \$77,000,000 in 1931. Compensation paid to injured workmen totalled \$467,337. Of the accidents reported, 31 were fatal, 98 gave permanent injury, while 8845 gave temporary injury.

### Tourist Traffic for Alberta

Motor traffic into Alberta last season totalled more than 21,000 cars, according to figures released at Ottawa. Of this number, nearly 4,000 registered in for a stay of up to 60 days.

### Fur Trade Grows

Alberta's fur trade is expanding,

### Dr. Wood's

Norway  
Pine  
Syrup

## Bothered With Bad Cough It Turned to Bronchitis

Mrs. Morris Rudolph, Barney's River Station, N.S., writes:—"I was bothered with a bad cough which turned to bronchitis. Nothing seemed to help me until I got Dr. Wood's Norway Pine Syrup. I found the phlegm was brought up without any hacking coughing, and after using three bottles I was relieved of my bronchitis."

That was five years ago, and I have not been troubled with it since."

Price 35c a bottle; large family size 65c.; at all drug and general stores; put up only by The T. Milburn Co., Limited, Toronto, Ont.

### CANADIANS AWAKE!

Canadians! We must awake! Stark unemployment stalks the land! Our nation's honor is at stake! While finance rules with iron hand! Give us this day, O daily bread! In every land the people cry! Financiers rob our purse instead! With plous hands they bleed us dry! "Praise God from whom all blessings flow!"

In truth to heaven can be said! Our curses come from men below, Who rob us of our daily bread! "Let charity begin at home!" When short of bread our children call!

Am Empire greater far than Rome, May yet like Roman Empire fall!

We Britons boast we rule the wave! Yet fail to curb a pirate pliant! The 'golden calf' will never save! For only Christian doctrine can! All human plans will surely fail,— There will not be a better time,—

Until mankind are brothers all, In every land and every clime! The bonds of gold we must escape, When foreign dollars are the yoke! To pay the toll we pinch and scrape! Our boasted freedom is a joke! While rich men live on dainty fare, And lay them down in peace to sleep, The nation's rulers do not care How much the multitude may weep!

Then free-born citizens arise! Cast off the foreign stranglehold! In school or nation that are wise,— Reject the rule of foreign gold! Gold, when it robs us, does not pay! A better standard must be found! Bimetallism shows the way To make our paper money sound! Canadian money will be sound When gold and silver both shall meet In every land and every clime! And Asia's silver buys our wheat! Rouse up then, Canada! Awake!— No matter how the rich may frown!— Their golden idol we must break! When kings of finance tramp us down!

—Fred H. Nicholls.  
Vernon, B.C., Feb. 9, 1933.

### If You're Past 40 and Can't Sleep Try This

Nervous people should drink water at bedtime with a spoonful of delicious Vinol (iron tonic). Nervous relax, sound sleep follows. Vinol gives new pep, strength. Cooke Drug Company.

### FROM THE JAM CUPBOARD

How can pickles be used other than as they come from the jar? One way is to chop them and add to mayonnaise for a fish sauce. This is especially good on fish prepared by the Spencer method.

### Baked Fish (Spencer Method)

Cut fish into pieces for serving. Dip in salted milk, using 1 tablespoon of salt for each cup of milk. Evaporated milk may be used. Dip into finely ground or rolled corn flakes. Arrange on well oiled baking sheet and sprinkle liberally with oil.

Bake in a very hot oven (500° F.) for about ten minutes.

Note: About ¼ pound of fish necessary for each serving. Serve with pickle-mayonnaise.

This same pickle-mayonnaise can be used mixed with chopped hard cooked eggs, celery, grated carrot, ground ham or beef for a sandwich spread.

Jam which has sugared may be used in muffins. Prepare your muffin recipe. Put the batter into the pans and place a teaspoon of jam on top of each one. Bake as usual. Bran muffins are good this way.

### Jam Bran Muffins

2 tbsps. shortening, ¼ cup sugar, 1 egg (well beaten), 1 cup sour milk, 1 cup all-bran, 1 cup flour, 1 tsp. baking powder, ½ tsp. soda, ½ tsp. salt, jam.

Cream the shortening and sugar, add egg and sour milk. Add all-bran and let soak until most of the moisture is taken up. Stir flour with baking powder, soda and salt and add to first mixture, stirring only until the flour disappears. Fill greased muffin tins two-thirds full. Put a teaspoon of jam on top of each one. Bake in a moderate oven (400° F.) for 20 to 25 minutes.

Yield: 8 large or 12 small muffins. Jelly which has begun to weep can be beaten with a fork and served as a sauce for meat. A tart jelly is best for this purpose. Any flavor of jelly can be melted over hot water and served with cottage pudding.

Peaches or pears are delicious au gratin. Drain the fruit and save the juice. Roll the fruit in fine corn flake crumbs. Place in buttered baking dish, cut side up, or with butter. Bake in a hot oven (400 to 425° F.) until crumbs are brown. Serve with sauce made with the juice.

### Lemon Spice Sauce

½ cup sugar, 1 tbsp. cornstarch, 1 cup boiling juice drained from fruit (if necessary add water to make one cup), 2 tbsps. butter, 1½ tbsps. lemon juice, nutmeg, salt.

Mix sugar and cornstarch in top of double boiler. Add hot fruit juice

**chest COLDS**

best treated by stimulation and inhalation

Just rub on VICKS VapoRub

ACTS TWO WAYS AT ONCE

gradually, stirring constantly. Cook five minutes after mixture begins to thicken. Add butter, lemon juice, nutmeg and salt.

A welcome luncheon dish in cool weather is griddle cakes. Bake large cakes, spread with butter and jelly or jam. Roll up, sprinkle with powdered sugar and serve as dessert. If you have not had fruit cobbler recently, add it to your list. Cherries, peaches, raspberries, strawberries, or pears are all good in this recipe.

Have you ever beaten jam into hard sauce to serve on a pudding. It looks pretty and is delicious. Folded into whipped cream, jam makes a nice topping for cream pie or cake. It is fun to take stock of the preserve cupboard and to use up the less popular contents in such a way that they seem like new and miraculous products.

Relief figures for January were given at Ottawa, showing 1,299,571 people, or roughly 12 per cent of the population, on the relief list. The cost for the year was put at \$25,000,000 as against \$40,000,000 last year.

### FORECLOSURE IS FOLLY

A great insurance company, with many millions outstanding in farm loans, announces that it will not attempt foreclosure proceedings on farms which are occupied by their owners, either in Canada or in the United States.

That is good business. What has been happening at foreclosure sales in the United States should mean something to those who hold farm mortgages. Representatives of the mortgage-holder have been chased off the premises, while the neighbors bid in the property for a "song" and give it back to the farmer. Whether the creditor will ever get anything more than the trifling proceeds of the sale is at best doubtful.

Mortgage-holding companies and individuals generally will be obliged to grant extensions of time, willing or not, unless there is a radical upward movement of prices of farm products. That will be done voluntarily, done in obedience to the law of the land, or done through the operation of a law that is older than human statutes. The instinct of self-preservation is still a force to be reckoned with.

If product prices are to stay down, farm mortgages are not worth their face value. That may as well be admitted, since it is a fact whether admitted or not. Creditors who voluntarily extend time to their debtors are giving the debtors a chance to "pay out" when the times improve. They also give themselves the one chance they have of collecting their loans in full.—Edmonton Bulletin.

## Maintaining A Long-Established Position in Canadian Banking

When the Dominion of Canada was established in 1867, the Bank of Montreal, then already half a century old, had nearly a fourth of the total paid-up banking capital of Quebec and Ontario, and more than a fourth of the banking assets of those two provinces.

Today it has the same proportion of the capital and assets of the banking structure of the entire Dominion.

Today, as yesterday, it employs its resources and facilities for the upbuilding of the soundest elements of Canadian business.

### ARTIFICIAL SUNLIGHT

Nowadays, many things which are found in nature are also produced artificially. The term "artificial" no longer suggests an inferior substitute for indeed something that is artificial may have certain advantages, such as being more accessible and more uniform in quality than the natural product.

From the earliest ages, man has appreciated the warmth and growth-giving power of the sun. Man, along with plants and animals, has turned his face to the sun. Sun-baths are not a modern invention; they were used many centuries ago. The Greeks included solaria in their homes, and built places by the sea where they exposed their naked bodies to the sun.

Sunlight is not, as we know, available on cloudy and rainy days. Moreover, sunlight varies in its duration and intensity with the time of day and the season of the year. In order that sunlight may be constantly available, irrespective of clouds, special lamps have been devised to produce artificial sunlight and other forms of light.

Sunlight, whether natural or artificial, has certain effects upon the body. We know, from personal experience, that sunlight burns and tans the skin. We also know that to expose our bodies to the sun and air, provided the exposure is properly regulated, give us a sense of health and energy.

Studies made of the effects of light on the human body have shown that it is of great value in the prevention of rickets, that it is most useful in the treatment of a limited number of diseases that it is of questionable value in others and that it is actually harmful in certain conditions.

Because light treatments have some value is no justification for the exaggerated claims which have been made nor for the wide-spread use of lamps regarding the extent of the power of which, the user is ignorant.

There is no simple rule for applying light in the treatment of disease. The area to be exposed, the source of light to be used, the dosage, together with the condition of the individual and his reaction to exposure are all points which must be considered if the dangers arising out of the abuse of light are to be avoided.

A real danger lies in self-treatment with light. If treatment is required, the use of light needs to be as carefully prescribed and supervised as does any other form of treatment. Light is not a cure-all. In some conditions, when properly used, it is a valuable aid in treatment; in others, as we have said, it may be definitely harmful.

Questions concerning Health, addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered personally by letter.

## A True Bear Story

(Ponoka Herald)

How I wish I could write!

I would like to tell a true bear story of our west. George Hogget and I were coming in from our elk hunt this fall, out on the Saskatchewan. He had taken up a lease on the east bank above Blue Rapids.

It was a thrilling time, said the braven Nova Scotian. I had stayed at Freeman's. You know he lives in the house near the old Tipping ranch on Wolf Creek.

I left quite early with a heavy pack to come out to my ranch. It was in early 22 and my pack consisted of a heavy tent with tea and trying pan tied on behind.

My gun was in a case and I had a few shells in my pocket. I did not need meat, and it was not the right season anyway so I never thought of carrying my gun ready. I had walked

about forty minutes, and was getting "lambored up," and had just come to the branch in the road. You may have seen a piece of hog tied up between two trees that stood close together. I had—Well, all at once, I saw something coming down the road

pell-mell, and stepped out of the way just in time. If I had held my arm out, I could have touched a cow moose as she rushed past me at a terrible pace, eyes bulging with fear, and without the least thought for me. I was startled and looked to see what was chasing her. Imagine my surprise when I saw a big black bear coming close behind with fiery eyes, nostrils blowing and lolling tongue running saliva—a not break-fast just in the offing. When within one more jump of me, he saw me and planted his fore feet solidly in the ground with fore paws spread. In telling me George reached out both hands with fingers spread, and I got the idea that four wheel brakes had nothing over Mr. Bruin for quick stopping.

Well, there we were, eye to eye. What was I to do? He could have reached out and slapped me into kingdom come. He sure looked gaunt and hungry, not long out of winter quarters, and if you know, they are the latest thing in the woods for the first couple of hundred years. He looked at me and then back to the fleeing moose. As he looked at me again I thought it's goodby, George. This time, but as the cold chills started down my back, I got busy. Slipping out of my 75 lb. pack and letting it fall, he paid no attention to the rattle of pans but kept his beady eyes fixed on mine. I'll bet I was doing some hypnotic gazing too.

I drew the gun from its case with shaking fingers and went for my shells. As the cartridge clicked I looked out toward the bear decided to lope away. As he made the third jump, I shot him behind the shoulders, dropping him right there. I went back and got Mr. Freeman help aka him. The 30.06 is sure some friend in a pinch.

As my big friend finished his story I felt that it was more than the gun

that had stood by him. A test I would hate to face for if he had made the slightest move to turn and run the hungry bear would have had a different kind of steak for breakfast.

George Fink, Chesterwood.

Two Scots met after a long separation. The thought uppermost in the mind of each was how to make the other man stand still. Each spared for a chance to entangle the other. In the meantime, conversation rolled along. "Where have you been all this while?" asked Donald. "Oh, I've been in South Africa shooting big game. I have had many terrible adventures, but the most terrible was one day when I came face to face with a raging lion. Down he charged upon me. It was a moment calling for instant action and infallible aim. I lifted my rifle, took aim, and shot him dead, right between the yours." "Between the yours?" asked Donald in bewilderment. "What's yours?" "Whiskey and soda," was the triumphant answer.

## Sun Life Assurance Company of Canada

INCORPORATED 1865

HEAD OFFICE MONTREAL

THE inherent strength of life assurance has been tested and proved during the past three years of general business recession, and the invaluable service it renders the public in times of emergency fully demonstrated.

THE Sun Life of Canada, during this period—probably the most trying in human experience—has maintained its record of progress, and has been of especial service to its great body of policyholders throughout the world.

ITS assurances in force have increased since 1929 by \$465,000,000; assets by \$43,000,000. Its policyholders now number nearly a million.

### STATEMENT for 1932

TOTAL ASSURANCES IN FORCE, December 31, 1932	\$2,928,952,000
This large amount, the accumulating estates of nearly a million Sun Life policyholders, will become payable to them or their dependants during this generation—a stabilizing factor of great social and economic value.	
NEW ASSURANCES PAID FOR	284,098,000
TOTAL INCOME	161,407,000
TOTAL DISBURSEMENTS	148,026,000
EXCESS OF INCOME OVER DISBURSEMENTS	13,381,000
PAYMENTS TO POLICYHOLDERS AND BENEFICIARIES:	
During the year 1932	108,527,000
Since Organization	702,712,000
ASSETS	611,436,000
Bonds: government, municipal, public utility and others; stocks: preferred and common; loans on mortgages; real estate; loans on Company policies; cash in banks, and other assets.	
LIABILITIES	597,241,000
Almost nine-tenths of this sum represents the policy reserve—the amount set aside to guarantee all policy payments as they become due.	
PAID-UP CAPITAL (\$2,000,000) and balance at credit of shareholders' account	\$3,416,000
RESERVE for depreciation in mortgages and real estate	4,781,000
SURPLUS	5,998,000
	\$14,195,000

The valuation of assets has been made on the basis prescribed for all companies by the Insurance Department of the Dominion of Canada. Policy reserves have been valued by the full net level premium method, on bases more exacting than those required by the Insurance Act of the Dominion of Canada.

Applications for new assurances were received by the Company during 1932 at an average rate of more than \$1,000,000 for every working day.

During 1932, the Company paid to policyholders and beneficiaries more than \$560,000 for every working day.

Income from renewal premiums was the largest ever received by the Company in a single year.

Cash in repayment or reduction of policy loans exceeded in amount that of any previous year.

Reversions of lapsed policies were in excess of those of any previous year, with one exception.

The net amount of policy proceeds left with the Company at interest was substantially increased.

## Sun Life Assurance Company of Canada

## As Seen From the Gallery of the Alberta Legislature

The galleries of the Alberta Legislature were crowded to the doors last Monday to hear W. E. Howson, the Liberal leader, open the debate on the Speech from the Throne. Mr. Howson backed up his statements by quoting the printed records of the government and during the course of his address stated that if the government was to adopt the C.C.F. platform of nationalization they should resign and appeal to the people for a new mandate.

The highlights of his address were: 1. That the Liberal policy was a home-saving policy as in contrast to the new policy of the C.C.F. and U. P. A. government which was a home-taking policy through heavy taxation. 2. That the Debt Adjustment Act of the provincial government, was not truly a Debt Adjustment Act. Mr. Howson wanted a Debt Adjustment Act that would adjust the debts and not postpone them.

3. Mr. Howson said there should be established by the Government of the Dominion of Canada a Federal bank under The Finance Act for the purpose of directing and controlling the issue of currency and the extension of credit and particularly for the financing of Provinces and Municipalities on the basis:

(a) That such bank accept the bonds of the Provinces and Municipalities at par;

(b) That such bank charge the Provinces and Municipalities a rate of interest sufficient only to cover the bare costs of operation plus a reason-

able per cent to build up a safe reserve. 4. That the U.F.A. Government was now replaced by the C.C.F. Government without a mandate from the people. 5. Mr. Howson thought that the Session should be a home-saving session, but if the C.C.F. program was carried out it would be a home-taking session.

In the absence of the Premier the Minister of Education took up the case for the government, and in his usual "merry mood" assured the House and the country at large that all is well. He extended the expenses of every department. The doubling of the Provincial debt is justified, provided some other Province has made the same blunder. His speech was very entertaining, but consisted in a great measure of clippings from various newspapers. One pleasing feature of his address however, was that if his department was costing too much it could be run for less. If a janitor service of sixty thousand dollars was too high for the Edmonton Normal School it could be reduced.

Mr. D. M. Duggan, leader of the Conservative Party, in one of the best speeches heard in the house this session condemned the financial policy of the Government, a continuation of which he feared might lead to default. He stated the debt has now reached the staggering sum of \$143,690,518. In other words \$196.40 for every man, woman and child in Alberta. This, he said, when added

to Federal and Municipal debts, was truly alarming.

Mr. Duggan was followed by Mr. Fred White, leader of the Labor Party, who in his eulogy of the C. C. F. gave the impression that the U.F.A. and Labor had been swallowed up entirely by the newer organization and were no longer distinct bodies. Had there been any doubt in the minds of any persons, they were removed by Mr. Gibbs, member for Edmonton, who has spoken since confirming Mr. White's declaration.

Only two farmers have spoken so far. Mr. Bowlen of Calgary, on the Liberal side, and Mr. Claypool on the Government side. They were both well received and applauded.

THADDEUS

### PROV. LEGISLATURES PROPOSE RELIEF FOR FARMERS

In the Saskatchewan house a resolution was passed Thursday proposing a wide-reaching inquiry into all plans and suggestions for the relief of prairie farmers. The Manitoba legislature opened Tuesday. Legislation was forecast in the speech from the throne providing for efforts, in co-operation with the Dominion and the other provinces, to enhance primary prices and reduce interest rates—Reduction in membership of the house, relief for mortgagors, and lessened burdens of school taxation for local taxpayers were predicted in the speech from the throne at the opening of the Ontario legislature on Wednesday.

### ALBERTA FLOUR MILLS NUMBERED 44 IN 1931

It will come as a surprise to most people to know that in Alberta in 1931 there were 44 flour mills and 31 of them also engaged in chopping and grinding.

These are federal government figures, and of the 372 flour mills in Canada the other western provinces had, British Columbia, 6; Saskatchewan, 45; and Manitoba, 29 mills. The combined output of the Canadian mills that year was \$79,591,603.

Operations of the Alberta hall insurance board covered 452,558 acres, representing 3,228 applications. There were 492 claims, amounting to \$112,069, while premiums totalled \$316,676. Insurance was written in 135 districts.

Three hundred entries have been received in Alberta for exhibits at the world's grain congress at Regina next July.

## Don't Allow Unsightly Pimples To Disfigure Your Face

The proper way to get rid of this unsightly skin disease is to go right to the seat of the trouble, the blood, and give it a thorough cleansing by the use of Burdock Blood Bitters. You will then have a smooth, clear complexion.

Mr. H. Shultz, Woot, Ont., writes: "Three years ago my face and neck were covered with pimples. They were hard and inflamed, and itched so I used to scratch them which made them worse.

Nothing seemed to help me until I started using Burdock Blood Bitters. After the first bottle I noticed a change, so got another, and in a short time the pimples had all gone."

## LUTHERAN YOUNG PEOPLE'S WINTER CONFERENCE

The Winter Conference of the young people of the Lutheran congregations at Wetaskiwin, Brightview, Peace Hill and Camrose, was a big success. Considering that the local society has just ten members, of whom four are employed in Edmonton, the seven members that planned and carried through the housing, boarding and entertaining of the visitors are a credit to Wetaskiwin.

The first session which was devoted to Bible study began on Saturday morning, at ten o'clock. After a devotional service, The Appelt, who had come from Edmonton Normal for the purpose of attending the Conference, was elected chairman and Miss Alma Burghardt made an efficient secretary. Miss Amelia Kneek and Peter Lust were in charge of the registrations of the visitors and the other members saw to their comfort and entertainment.

President Phil Enders (Stony Plain) of the Alberta and B.C. branch of the Waltham League, and Rev. Boettcher of Grace Church, Edmonton, and Field Secretary, were present. The speaker for the occasion was H. M. E. Evans, Esq., an authority on Finance. He has kindly consented to deliver an address on this subject, and as he has made a life-time study of this particular phase of business, his address will be of great interest to all.

BOARD OF TRADE ANNUAL MEETING

The annual meeting of the Board of Trade will be held in the Driford Hotel, on Monday, February 27th, at 6:15 o'clock, when the election of President and new members of the Council will take place.

The speaker for the occasion will be H. M. E. Evans, Esq., an authority on Finance. He has kindly consented to deliver an address on this subject, and as he has made a life-time study of this particular phase of business, his address will be of great interest to all.

## BIBLE SCHOOL NEWS

The lectures given by Mr. Anderson on "God's Plan Through the Ages," proved very interesting and profitable, giving us a clearer view of God's dealing with man and we realize that God has indeed been merciful and patient with sinful mankind. Among the visitors during the past week were: Mrs. O. Larson, Alice Johnson, Gordon and Sydney Larson, Jack Fair and Melvin Nystrom. Messrs. Fair and Nystrom are students of the Lutheran College at Camrose.

Mr. Anderson held services at Haultain and Nashville last Sunday. One young man was prayed with; all praise and glory to God.

We regret that a mistake was made in last week's notes regarding the date of Mr. Anderson's illustrated lecture on the Passover. It should have been Feb. 24th instead of Feb. 17th.

Marlin Simonson is visiting at his home at Kingman.

We are glad to welcome two more students to our midst, namely Tillie and Lilly Winter.

A Missionary conference is being planned for the two closing days of school, March 4th and 5th. Several outside speakers are expected to take part along with the teachers and students.

Those who heard the message given by Mr. Anderson at the Baptist Church Sunday night, enjoyed it greatly. He spoke on "The Growth of Righteousness," comparing the Christian with a palm tree, Psalm 92:12. As the palm has its roots deep under the dry sands to water below, we have our faith rooted in the Living Water, Jesus Christ. He should be a shelter for the weary and lonely traveler on life's journey and though the storms may rage, they only serve to anchor us firmer in His love.—Contributed.

## CHURCH PARADE

Blustery winter weather did not deter the Girl Guides and Boy Scouts together with their Junior groups, the Brownies and Cubs, from attendance in full force upon their divine worship at the United Church Sunday morning. Scoutmaster T. Palfrey and Guide Leader Miss Marjorie Robinson are to be congratulated upon the neat looking and smart set up of the parade. Rev. Schrag gave an address to the groups on the theme of "World Friends," and with many an apt illustration brought home the need of youth taking seriously the Christian doctrine of the equality and brotherhood of man. A crowded church greeted the church parade and the Junior Choir, under the guidance of Mrs. Condie rendered a very appropriate anthem.

## CARD OF THANKS

We hereby wish to thank the large number of friends for their sympathy and kindness during the recent illness and loss of our wife and mother, Arthur Peterson and children.

Use The Times Want Ad. columns

Look at the label on four paper.

## BIBLE INSTITUTE BROADCAST

The last broadcast from the Canadian Lutheran Bible Institute was not very successful and the hour has been changed to between 2 p.m. and 3 p.m. over station CHMA, Edmonton. The next broadcast will be on Sundays Feb. 26 and March 5.

On the last Sunday of February, Pastor G. M. Trygstad and Mr. Chester Rønning, M.L.A., will be the speakers.

## TAKE A FIRM STAND

When more men and women have sufficient moral courage to refuse to do that which they know to be wrong, and take a firm stand for the things which are right, without looking over their shoulder to see how many will back them, or backbite them, on account of taking that stand, there will be better environments for children, much cleaner towns and neighborhoods for young people and a more pleasant and prosperous world for those of all ages.—Consort Enterprise.

\*\*\*When in Wetaskiwin come to the 5c Cafe (Amundson's Jewelry Store) and get a cup of hot coffee, soup or a sandwich, etc. Home cooked and delicious.

## WELFARE LEAGUE

The Times is still receiving cash donations for the Wetaskiwin Welfare League, and a few days ago Crescent Telephone Lodge I.O.O.F., added \$10.40 to the amount previously turned in. Total received to date is \$285.73. The calls for assistance are many and urgent, and we would be glad to accept donations from others who desire to assist the committee in their laudable efforts to assist the needy.
